

Get help preparing for your Preplanning Meeting

The information you give the Local Area Coordinator (LAC) at the NDIS Preplanning Meeting will determine what will be in your Plan.

To get the services and supports you need to reach your goals it is crucial to be as prepared as possible.

We understand this process can be confusing and stressful. DAISI can provide the information to support you on this journey and help to relieve some of this pressure. We provide preplanning preparation support for a very affordable hourly service fee.

We can help you understand the planning process, get ready for the meeting and if you want, go with you to your preplanning meeting.

- **Preparing for the preplanning meeting (1 hour)**
Covers what you can expect to happen at the meeting, including who will and can attend, the type of questions that will be asked, the support areas the NDIS can fund based on your needs and goals, and the evidence to be collected to support these reasonable and necessary requests.
- **Goal shaping and evidence provision (1 hour)**
Provides extra support in shaping your goals and identifying the information needed to support them.
- **Attend the LAC preplanning meeting with you for support (2 hours)**

Our results

Participants who have used this service have secured excellent reasonable and necessary Plans, with budgets that meet their needs and provide the supports they require. Here's what just a few of them have said about the service they received from DAISI.

Cathie Mitchell: "The team at DAISI are caring, understanding, and lovely. The support with planning for my NDIS, and with support coordination has been invaluable. My [Support Coordinator] has helped with all aspects of the process and communicates very clearly what we need to know. He is able to identify suitable services for my son, & is very efficient at getting them in place. This has reduced a lot of stress for our extended family. A huge thank you from all of us."

Carmel Watts: "I love DAISI. If it wasn't for the wonderful team I would have been extremely stressed about the future of my son with a disability. It has been the first time in my life, that I have felt completely confident that my son's future is in good hands."

Rebecca Lloyd: A very big thanks to DAISI! Your help and support with the NDIS Plans has been invaluable! Couldn't do it without you."
